Re DAS

Dear Duke,

For your info I spoke to Joe today on the phone. Joe has taken Don off of paper work and is aware of the need for CDC data from that area. He got the telex and is working on it. He is pushing Public Media per.

He is working as well on getting 2D data on Cazares mistress who looks from the description like a perfect for us—rumored to be after mayor for financial consideration—mayor rumored to be devoted to her.

Joe has an op mocked up and sent up based on this.

In addition Joe told me that the Mayor will be in DC for a national Mayor's conference March 13-17. *

I checked up on this and there is a conference scheduled for that period. I am having DC put together fast a report on the upcoming conference primarily where it will be and when (in detail) and locate where Cazares will be staying.

I am now working on a set of Ops type actions which could be done to welcome the Mayor to the nations capital.

Love,

Mike

RE: OP KEELER

DEAR DICK,

SIT: The attached op which was mocked up to handle Cazares needs to be implemented and done in such a way as to not blow the agent previously used on the cycle.

DATA: Per your note to me, attached, I was to see Randy's note, attached and do it prior to implementation of this op. Randy's note said that this op could not be done as it is as the agent would be blown upon investigation of her which would result.

I contacted both Jeff in N.Y., and Rick in DC and both told me the if she was investigated she would not be blown.

I specifically asked Rick to check with the person involved in this and get all the details of how she met with Cazares, and check to insure that if she was investigated, using the MI data that Cazares has about her, if there is any way that she could be traced back. Ben sent me a telex back which said that it was all clear, and that nothing could be found out about her if she was to be looked for. This was done in a code whereby all he would say to me on telex lines, if everything was O.K. was "Ursula C". This telex is attached.

I have sent a copy of the op to Rick in DC with instructions that he is to wait for telex O.K. from US before implementing his steps on the project, and that if after he reads how the op is going to be done, in full, he sees any way whereby his girl could be blown to telex me and the SE Dir Sec. that Keeler is no good in his area.

So, from down here this op looks like it could go now with no hitches, providing nothing in DC which is going on which I do not know about conflicts with it.

SOLUTION: Approve the attached op as it is written, and send a telex O.K. and start on OP Keeler to DC and the Base, and monitor this op on normal US pgms lines.
This is a O.K.

DEAR DICK,

SIT: Cazares has been a long time attacker of Scn in CW and has continued with his attacks on us unrestrained by B-1

DATA: Cazares has attacked UC- SLD, Scn., and LRH on the radio, in the press, on TV, and in the courts and B-1 hasn't done any ops on this enemy which have in any way restrained him.

Attached is an op which I mocked up which should wreak havoc in and with Cazares political machinery, and among the CW people and public who support this criminal.

~~XXKEY~~

SOLUTION: Read and approve the attached op with any needed changes and send the op out to the B-1 areas who will be involved in getting it done. Also have the Info Pgms Off US carry this as a program to get done.

CSW--Re:Op Keeler Addition

Dear Mike:

SITUATION: Op Keeler is presently underway and is expected to start getting effects on Cazares in the next few days and he could possibly DA himself out of it as not true.

DATA: We have been informed that people in Cazares' camp are already saying that Young did this against Gabe as a political move against Gabe.

Others are saying that Gabe could never have done something like this incident in D.C.

Others are saying that this could be used as a PR event to turn it for Gabe and against Young.

About 75 people from the Exec Committee of the Pinckney County Democratic Club will have wind of this by tomorrow.

Many people will be contacting Gabe and asking him about this letter that says he did this thing in DC with a girl which involves him in an accident case.

Gabe has talked his way out of this before, with his wife, and could possibly talk his way out of it again.

If a newspaper account of the accident were to go out to these same people or some of them so the word gets out that it is real and Gabe is involved, then he cannot talk his way out of it.

A newspaper story of this would also make it real and could in itself get into the press if necessary.

XXXX

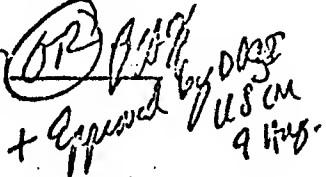

SOLUTION: Approve the attached addition to Op Keeler and send an OK telex on this so it can get done real fast.

THIS IS OK.

~~SECRETION~~ - STREET-MAN

PROJECT INFO:

Br Flag has sufficient terminals in the field in strategic positions to bring about the decline of Gabe Cazares as a political candidate, both locally and nationally.

MAJOR TARGETS:

On November 3, 1976, Gabe Cazares will be out of a job and in the street looking for another to pay for his now monumental legal fees. This would entail (1) his resignation as the Mayor and (2) his losing the Congression election to Bill Young. It would also entail him doing such a poor job as a candidate and spending so much money that he cannot wage any campaign for mayor in February 1977.

POTENTIAL TARGETS:

1. Br I Br Flag is there for the origination & execution of this project.

2. The purpose of this project is to make a long awaited attack on Mayor Gabe Cazares from his position of power thus cutting off that attack.

3. Br I Flag is responsible for the execution of this project.

4. Normal FP lines are maintained for the execution of this project.

5. Normal command and comm lines per the Info Bu and Flag GO org board are held, maintained and re-established for the execution of this project.

6. This project is to dove-tail into the normal production lines of Br I Info Flag.

VITAL TARGETS:

1. Normal production and products are to be gotten out throughout the execution of this project.

2. The targets of this project are to dove-tail with other bureau actions so as not to reveal the C of S as the source of the action.

3. All security measures are to be reinforced:
a) Secure debrief areas
b) Brief debriefs, put in writing
c) No materials in FSMS spaces

page 10 of 19

4. A letter campaign is to be started into the CW Sun and the St. Pete Times, on the theme of Cazares should resign from office and the fact that he is doing neither job adequately. These are to be from untraceable citizens of C.

T/DIR ER 1 FLAG

Can be signed
as "we are and will be"

5. A couple of letters from "concerned citizens" are to be sent to Howard Lawrence of the former C committee pressing for Cazares' resignation so he can run a successful campaign.

T/DIR ER 1 FLAG

6. A couple of letters to the CW City Commission should be sent, complaining about the lack of attention that Cazares has paid to his duties as Mayor. This should be sent by someone who has followed Cazares' campaign closely, naming the dates of his campaign speeches, etc. This should be in the form of "start paddling or get out of the boat". Should go "Attn: Karleen DeBlaker"

T/DIR BR 1 FLAG

7. CONDITIONAL:

As it is expected that Cazares will try and gain sympathy from this action or take advantage of it politically, all lines should be monitored (internally in the campaign and to the media). Based on this, OTs 4, 5 & 6 are to be done again geared to attack the new line that Cazares takes, to the end of his resignation from office.

T/DIR BR 1 FLAG

CHANNEL B:

INFO:

BI Flag has sufficient lines to cut and foul up Cazares' campaign which he will be waging as a Congressional candidate and they should be used. Thus:

1. Press releases into the CW Sun from the Cazares

page 11 of 19

- 2 -

4. That this project is in fact totally executed.

OPERATING TARGETS:

CHANNEL A: "You can't have your cake and eat it too!"

INFO:

Cazares plans to remain in the office of Mayor of Clearwater during his campaign election. This would mean that if he fails in his bid for a congressional seat, he would still be the mayor. The City Commission was split on this action earlier in a vote of 2-2. Mayor Lawrence the president of the Pinellas Democratic Committee said that he felt that Cazares should resign when the election is over. Cazares' opponents say that he should stay in office. Thus:

1. As the CW Sun is currently conducting a survey to find out who the public are going to vote for, ensure that Cazares gets less than 20% of the vote. T/DIR RE DONE

2. Ensure that the results of the survey are brought to light in the Cazares campaign office. Ensure that this is brought to the attention of Demo Party members who are considering funding the campaign. T/DIR RE FINAL

3. After the affects of the survey are brought to light in the campaign, the FSM internal is bringing the following to the attention of either Wexo or Henderson - the campaign managers:

"After talking with lots of people I have told me that they feel that Gab is trying to 'have his cake and eat it too'. what they have told me is that he is trying to stay in office as mayor and not run a real campaign. They feel that he should resign, and he would get my vote."

No source for this statement is given, but to be laid in almost simultaneously with the results of the poll, for maximum impact.

DOSE

T/DIR RE

camp are to be reviewed. Major statements are to be removed from the lines and only the minor insignificant statements and promo are to be allowed through. These will be passed onto Jennifer Levin with a "here's somemore garbage" attitude.

T/BR 1 DIR PL/6

2. The FSM internally in the campaign is to make herself into a "valuable terminal" in the campaign because she is the one contacting the public on lines and "knows what the people want" out of this campaign.

T/BR 1 DIR PL/6

3. After OT #2 above is complete, FSM is to lay in the following:

- a) The public wants to know how Cazares would handle himself on the floor of Congress as they are concerned over his constant battle on the floor of city hall (ie. battles with Picot Floyd, etc.) (Get Cazares to go "glut" in defending his actions)
- b) The public wants to know why Cazares made his filing of financial disclosures late, "doesn't he know the rules". (This was an attack line of Young's)
- c) The public wants to know what qualification Cazares has as a viable national candidate. What is his educational background, what is his history or national issues.
- d) Any other point which Young attacks on is to be made into "public opinion" which the public wants answered, even people who support Cazares.

NOTE: The action here is to force Cazares into a "glut" situation of constantly defending himself and his actions, and removing all of his attack statements from local media lines. Force him to spend his campaign funds for his defense, not for his offense.

CHANNEL C:

INFO:

It is currently known that Cazares' atty, Pat Doherty, wants off the case because he hasn't been paid. There is also the situation that

page 13 of 14

the city of CW is paying for his defense in
the suit we filed against him. Thus:

1. FSM internally in the campaign is to mention
that her husband is currently in practice with
a very good firm of Gould, McFarland, Phillips, et
al.

~~T/DIR BR 1 DIR FLAG~~

2. CONDITIONAL: Should the opportunity arise that
Doherty's refusal to continue as Cazares' counsel
arise in the campaign headquarters, FSM is to suggest
that the FIRM be used as they are quite good.

~~T/BR 1 DIR FLAG~~

3. CONDITIONAL: Based on #2 access is to be made to
all of Cazares' legal files within the law firm and
strategy designed from there.

~~T/BR 1 DIR FLAG~~

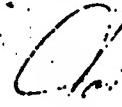

4. CONDITIONAL: Based on the successful results of
channels A & B, the possibility of an amended complaint
files against Cazares is to be looked over. It should
be one in which the City of CW is let off the hook
in the defense of Cazares as mayor and directed to him
as an individual. This will tie him up with large
legal commitments and deny him funds for any campaign
bid in February for Mayor.

~~T/BR 1 DIR FLAG~~

5. Re-implement "glutz" buttons for Cazares in the
Mayoral campaign via FSM involving herself in that
campaign, should he run again.
